

Copyright

All media in the SF State library including Hollywood features, foreign features, instructional programs and other similar titles may be used only in authorized SF State courses with the instructor present or by individual students and faculty members in viewing booths for regularly-scheduled class requirements. Media may not be copied by the staff of the university or "publicly performed" on the SF State campus outside of a class, even though they are owned by the University. The copyright law requires a separate license agreement to be obtained before libraries, student organizations, residence halls, and other campus groups may use these materials during non-classroom activities or events, regardless of whether admission is free or paid.

All materials in the library's catalog—videotapes, videodiscs, DVDs and 16mm films of all subjects and categories—are available to SF State faculty for SF State use only. Copying of these materials or off-campus use at another institution, even in a classroom setting, may be a violation of SF State's purchase agreement.

For more information on copyright law, please see <http://www.copyright.gov/>.

Co-sponsorship

Organizations working with off-campus sponsors of events must follow a number of University policies:

- Student groups must initiate, lead and make all event decisions. Student groups cannot be used to gain access to University facilities by an off-campus organization.
- Events must directly support the group's mission.
- Events must occur during the regular academic schedule.
- All contracts and agreements must be in the name of the student organization.
- The student organization must conduct all advertising and promotion.
- Student organization representatives must be in attendance at the event.

Fire

All student organization events incorporating the use of fire require the approval of the Office of Student Programs & Leadership Development (OSPLD) and Environmental Health & Occupational Safety (EHOS). In addition, events utilizing candles require a drip catch and a fire extinguisher at the site of the event.

Event Planning/Approval

To assist in ensuring safe and successful event planning, the organization must keep in mind the following policies:

- In order to do event planning a student organization must be currently registered with OSPLD or Club Sports.
- All student organization sponsored events held in SF State facilities must be initiated, planned and implemented by SF State students.
- Student organizations are required to submit an event application to OSPLD at least ten business days prior to the event. For major events, more time may be needed so please plan accordingly and notify OSPLD in a timely manner.
- Events cannot be planned during finals period, including "dead week" (the week before final examinations).
- Organizations are responsible for informing their faculty/staff advisor regarding meetings, programs and events.
- Sponsoring student organizations are responsible for the conduct of their members, guests, speakers and performers.
- The sponsoring student organization must be accessible throughout the entire event.
- Other campus entities (i.e., Colleges, Departments, Classes, Faculty & Staff) are required to follow the OSPLD policies and procedures for all events on campus. In addition, other campus entities may also be required to obtain approval from the Office of Special Events and Conferences.
- Rained out events may not be moved indoors to the Cesar Chavez Student Center (CCSC) without CCSC permission.
- Cancelled, rained out and no show event(s) do not automatically guarantee an additional date.
- Cancelled reservation date(s) automatically revert to OSPLD.
- Exchange of dates between student organizations and other campus entities is not allowed.

Fireworks

The use of fireworks is illegal in San Francisco. Unless a pyrotechnician sets up the display and is present during the event, no fireworks will be permitted. Student organizations must obtain approval from OSPLD, the Department of Public Safety, Office of Risk Management and the Office of Environmental Health & Occupational Safety (EHOS).

Insurance

Student organizations hosting events that pose potential risks may be required to purchase insurance for such events. In some situations waivers may also be required. Potential risk situations include, but are not limited to:

- Large commercial events, such as concerts and fairs
- Events with off-campus guests
- High risk physical activities

The Office of Risk Management, at 338-2362, will assist you in obtaining event insurance after OSPLD event approval. OSPLD will send copies of the event application to the Office of Risk Management for review. Waivers are also available through Risk Management.

Nudity/Indecent Exposure

The California Penal Code, Section 314 states: Every person who willfully and lewdly, either:

1. Exposes his/her person, or the private parts thereof, in any public place where there are present other persons to be offended or annoyed thereby; or
2. Procures, counsels or assists any person so to expose himself/herself or take part in any model art exhibition or to make any other exhibition of himself/herself to public view of any number of persons, such as is offensive to decency, or is adapted to excite to vicious or lewd thoughts or acts, is guilty of a misdemeanor.

Any student organization engaging in acts of nudity or sponsoring an event with nudity involved may be forwarded to SOHP for review.

Sound Policy

The Division of Student Affairs (SA), the Office of Student Programs & Leadership Development (OSPLD), Student Center Governing Board (SCGB) and Environmental Health and Occupational Safety (EHOS) have worked collaboratively to establish policies and guidelines to address sound levels at Malcolm X Plaza events. EHOS measured the decibel level readings in the Malcolm X Plaza and at different locations on campus in order to determine a suitable decibel level where sound would not interfere with classroom instruction/conversation. EHOS recommended a 95 decibel level in Malcolm X Plaza (measured 25 feet from the speaker source). This decibel level would result in a decibel reading of 60–65 in neighboring classrooms (a level that would allow classroom instruction and conversation to be heard comfortably).

The sound policy includes the following:

- Amplified sound is permitted outdoors Monday through Friday between the hours of 12 PM and 2 PM in Malcolm X Plaza.
- No amplification other than the Student Center Sound System may be used for outdoor events.
- All amplifiers/speakers for amplified instruments such as electric guitars, electric bass, and keyboards on stage, should be patched directly into the Student Center Sound System (SCSS).
- If particular amplifiers or speakers cannot be directly connected into the SCSS, or have an independent volume control device, it will be the responsibility of the student organization sponsoring the group and the performers playing the music, to not exceed the 95 decibel level measurement.
- Technical services such as: sound system, turntables, microphones and speakers, etc., must be reserved through the Cesar Chavez Student Center's Production Services Office at 338-2730.
- Before the event begins, student organizations must do a sound check with OSPLD and the Student Center Sound Technicians to determine the decibel reading. The sound check will be at 11:50 am, or 10 minutes before the scheduled performance.

- OSPLD may measure decibel levels at any time, to ensure sound is below 95 decibels. OSPLD decibel meters are the only equipment recognized for use in determining appropriate decibel levels.
- If sound is above 95 decibels, OSPLD will notify the student organization to reduce the level. If sound exceeds 95 decibels twice in a year, whether at a single event or 2 separate events, the organization may be forwarded to SOHP for review and possible corrective action.

Summer and Winter Sessions

Due to reduced resources, the University does not approve student organization events during summer and winter sessions. However, student organizations may host regular meetings.

Ticket Sales

If your organization is hosting an event with an admission or ticket sales charge, please follow these guidelines:

- Admission charges must be stated on your event application when requesting approval
- Give consideration for rates you will charge SF State students vs. non-students

Waivers

Waivers should be used for any high-risk activities. They are required for the following activities:

- Off campus performers
- Physical activities including off-campus guests
- Activities including minors

Types Of Events

Children/Youth Programs

Student organizations sponsoring programs that include youth must notify OSPLD early in their planning process. Working with youth requires different responsibility. OSPLD will work with student organizations to provide resources to help ensure a safe and successful event. Please note that waivers may be required through the Office of Risk Management.

Commencement Celebrations

Student organizations hosting commencement celebrations (both on and off campus) must register

their event with OSPLD. Please keep in mind when starting your planning that additional insurance may be needed through the Office of Risk Management.

Concerts

The University encourages student organizations to sponsor student concerts. However, student organizations are not allowed to sponsor nor utilize professional promoters and performers seeking individual gains. All concerts are subject to approval by the Director of Student Programs & Leadership Development and/or the Vice President of Student Affairs.

Dances

Student organizations and campus organizations (i.e., alumni, community, department, etc.) may not reserve university facilities for dances publicized and open to the public.

Film

Organizations sponsoring films must follow copyright law (see page 14).

Fundraisers

Student organizations may raise money for their event and operating needs through various fundraising activities. There are specific policies and guidelines for student organizations conducting fundraising activities. Please review the complete fundraising policies and guidelines before planning your event (see page 29).

Off-Campus Events

The University assumes no responsibility or liability for activities conducted by student organizations off-campus. However, the University has authority under Section 41301, Student Conduct, of Title 5 of the California Code of Regulations. This section clarifies the University's authority for off-campus behavior that includes students who are members of clubs and organizations. The Student Conduct Code sets the standard of expected behavior and describes conduct that is unacceptable and subject to discipline through the university's disciplinary process (see page 9).

Outdoor Events

All outdoor events must be registered with the Office of Student Programs and Leadership Development no less than 10 business days prior to the event.

All groups and individuals using outdoor venues must follow all outdoor event policies and procedures (see page 17-18).

Rallies/Demonstrations & Counter Demonstrations

OSPLD recognizes and appreciates the political history of student organizations at San Francisco State University. As a means to facilitate and advise student organizations wishing to demonstrate, while providing a safe and respectful University climate, policies and guidelines have been developed to assist student organizations wishing to plan a rally/demonstration and/or counter demonstration.

For detailed information regarding policies and procedures for hosting a rally/demonstration event and counter demonstration event at SF State, see <http://www.sfsu.edu/~ospld/html/resources/rallies.htm>.

Speakers

Student organizations sponsoring speakers should work closely with OSPLD prior to making any verbal or written agreements. OSPLD must be notified early in the planning stages (prior to any verbal or written agreement) of all major speakers to best support student organizations in their planning.

Tabling

All registered student organizations and departments may set up tables in designated areas on campus to educate the campus regarding the organization and upcoming events, raise organization funds (see page 30), and recruit new members.

Reserving Space

Student organizations have free access to various campus facilities. Reserving the appropriate facility is a critical step in planning an event/program.

Event Approval Expectations and Procedures

- Pre-planning of your event should commence one to three months in advance. Ten working days are needed by OSPLD to assess and process your Event Planning Application, so plan accordingly.

• No advertisement can be disseminated until event is approved by OSPLD and reservation confirmed.

- Only currently registered student organization officers (officer must be named, have signed the organization registration form, and attended Student Leader Orientation) may request a reservation.
- Student organizations may not reserve space for off-campus entities.
- University colleges, departments, off-campus entities and faculty may reserve indoor facilities through the Office of Special Events and Conferences. For more information call 338-6141.
- Indoor facilities may be limited due to instructional activities.
- Additional fees (i.e. supervisory, custodial, insurance, public safety, etc.) may be required prior to approval.
- Facility reservation does not substitute for program approval by OSPLD.
- An OSPLD event planning form must be completed in addition to the tentative reservation form provided by indoor facilities.
- Athletic events may require a signed waiver of all participants (see page 16).
- Depending on the venue and size of event, OSPLD may require a series of meetings with the student organization and other University Partners to ensure a successful event.

Cancellation Policy for Student Organizations

- Provide written documentation of the need to cancel.
- Indoor events must provide at least 3 business days notification.
- Outdoor events must provide at least 7 business days notification.
- Groups canceling events without appropriate notice to OSPLD may influence future reservation requests.
- Without appropriate cancellation notice, fees may apply for University Partners' services.
- Upon receipt of the cancellation notice, OSPLD will inform appropriate University Partners.

Outdoor Venues

In order to accommodate the large volume of outdoor requests OSPLD encourages student organiza-

tions to start their event planning early due to the limited availability of dates and locations. Keep in mind that all events taking place on campus lawns require a Lawn Event Permit, and involve lawn protection costs.

Reservation Procedures for All Outdoor Venues

Due to the high demand for Malcolm X Plaza and the Quad during the academic year, the following guidelines have been established to create a fair, equitable and clear process for reserving these venues:

- OSPLD will start accepting requests from May 1—May 31 of each year for all organizations/ departments hosting historical events in the plaza and/or quad the following academic year (fall and spring dates). Historical is defined as events that have been in existence for at least 5 years. After the scheduling priority dates in May have passed, all reservations are on a first come, first served basis. (Please note no request will be accepted between June 1 and August 1.)
- All other events (non-historical) are on a semester calendar and can begin putting in requests on August 1 for the fall semester and December 1 for the spring semester.
- Only currently registered student organization officers (named on the registration form and attended a Student Leader Orientation) can submit requests for student organizations and department faculty and staff with SF State identification can submit requests for departments.
- All requests are initially made with the OSPLD through the Outdoor Event Request Form at <http://www.sfsu.edu/~ospld/outdoorevent>.
- All requests must be completed at least 10 business days prior to proposed event date. However, OSPLD continues to work with student groups with event planning pertaining to current world events as they develop.
- All scheduling requests are on a first come, first served basis.
- If the outdoor venue is available for the date you requested, you will be notified by email within 3 business days informing that the space has been held pending event application approval.
- The student organization officer or department representative must then complete an event application form at OSPLD (SSB 105) to confirm the space at least 7 business days prior to proposed event date.

- The OSPLD advisor may request further information and/or a meeting to learn more about the event and resources needed to provide a safe and successful program.
- Groups reserving the plaza and canceling events without appropriate notice to OSPLD (at a minimum 7 business days) will impact future reservation requests.

Additional Outdoor Policies

- All campus entities wishing to have amplified sound at their event must adhere to the sound policy. (Amplified sound is allowed from 12:00 to 2:00 p.m. only for registered Malcolm X Plaza events, see page 15).
- No vehicles are allowed in the Plaza. Equipment drop-off may be available in Lot 4 with approval from Department of Public Safety.
- Alcohol is not permitted in the Plaza.
- Outdoor venues are closed to reservation during winter and summer sessions, as well as University observed holidays and breaks.

Please Note: Any deviation from the designated locations and/or sound policy (see page 15) requires the review and approval of the Vice President of Student Affairs.

Main Quad Tabling Reservation Guidelines

Before setting up any table on campus, all student groups and departments must reserve a designated space by securing a tabling permit from OSPLD. Tabling permits are available starting each Thursday for the following week.

Tables are available on a first come, first served basis at either CCSC or OSPLD. The tables are secured on loan, in exchange for a valid student ID. Tables and chairs must be placed on the cement, not on the grass areas. Tables must be returned the same day to the location where they were obtained. Groups not following the tabling guidelines may lose privilege to table on campus. Additional tables for campus events may be reserved from Facilities and Services Enterprises (<http://www.sfsu.edu/~plantops/>). Please note a delivery charge will apply.

For additional information regarding tabling procedures, visit <http://www.sfsu.edu/~ospld/eventplanning/tabling.htm>.

Publicity

One important factor in the success of a student organization event is the marketing strategies used to publicize. Below are several publicity options available to you as recognized student organizations.

Banners: Cesar Chavez Student Center Mezzanine Railing

Banners advertising major programs and events are popular and effective tools for advertising in the Cesar Chavez Student Center (CCSC). CCSC banner guidelines include:

- Only recognized student organizations, University departments, and programs may post banners.
- The banner must be for a specific event (e.g., meeting, reception, speaker). (One banner per event.)
- The date, time, and place of the event must be clearly marked on the banner.
- Philosophical or political statements are not permitted. General "welcome back" statements are permitted for the first 10 days of each semester.
- Banners may be hung for 5 days before the event. Each organization is responsible for removing its banner after 5 days or the student center staff will remove and recycle the banner.
- All banners must be approved and date-stamped by the Information Desk staff. Banners without the date stamp will be removed.
- Banners must remain down for at least 7 days before they can be approved again.

- Banners advertising ongoing Associated Students programs (e.g., EROS, Women's Center, Legal Resource Center, etc.) may be hung for one month at the beginning of each semester.
- Organizations wishing to post a banner publicizing an off-campus event are required to include the following statement on the banner: "This activity is NOT sponsored by San Francisco State University."
- Banners may be no longer than 10 feet and no wider than three 3 feet and should be neatly lettered and legible from the ground level.
- If a banner is in a language other than English, it must include an English translation.
- All sponsoring organizations must be listed on the banner.
- The sponsoring group is responsible for hanging the banner in an available mezzanine railing space

and for removing the banner and tape from the railing when the stamped date has expired.

- Railing space is available on a first-come, first-served basis.
- The Student Center is not responsible for banners that become missing or damaged.
- Banners may not be hung on the cement columns or walls in the Student Center. They must be hung only on the railings. (The sole exception is the railing facing Malcolm X Plaza, which is reserved for use by Associated Students Performing Arts year around.)

If you have any questions about these policies, please contact the Assistant Director, Programs and Services, at 338-2820, or Room T-119 in the Cesar Chavez Student Center.

Banners: Malcolm X Plaza Events

If a student organization has an authorized Malcolm X Plaza event, approved by OSPLD, they may hang a banner or banners on the metal scaffolding of the Malcolm X Plaza stage on the day of the event. See below for approved locations. The banner(s) must comply with the sizes listed for each location. The banner(s) may be hung 30 minutes before the event and must be removed immediately after the event. The banner must be legible, with the sponsoring organization clearly named. All tape, string, or rope used to secure the banner(s) must be removed following the event. All unauthorized banners will be removed.

For more information, please contact OSPLD at ospld@sfsu.edu or SSB 105.
